NOTICE OF PROPOSED RULE MAKING

Adopted: October 30, 2002

Released: November 8, 2002

Comment Date: December 30, 2002

Reply Date: January 14, 2003

By the Chief, Allocations Branch

1. The Commission has before it for consideration a Petition for Rule Making filed by Robert Fabian ("Fabian") requesting the allotment of Channel 284A at Blanket, Texas. Fabian stated that he would file an application for Channel 284A at Blanket if the channel is allotted to the community.

2. We believe the proposal warrants consideration because the proposed allotment could provide a first local FM broadcast service to the community of Blanket, Texas. Fabian states that Blanket is an incorporated community with a population of over 442 people. Fabian also states that Blanket has its own local government, post office, city hall, fire department, schools and numerous churches that serve the community. A staff engineering analysis indicates that Channel 284A can be allotted to Blanket consistent with the minimum distance separation requirements of the Commission's Rules without a site restriction.¹

3. In view of the fact that the proposed allotment could provide a first local service to Blanket, Texas, the Commission believes it would serve the public interest to solicit comments on the proposal to allot Channel 284A to Blanket. Therefore, we will seek comments on the proposed amendment to the FM Table of Allotments, Section 73.202(b) of the Commission's Rules, with respect to Blanket, Texas:

Community	Channel No.	
	Present	Proposed
Blanket, Texas	-----	284A

¹ The coordinates for Channel 284A at Blanket are 31-49-24 and 98-47-12.

4. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required by paragraph 2 of the Appendix before a channel will be allotted.

5. Interested parties may file comments on or before December 30, 2002, and reply comments on or before January 14, 2003, and are advised to read the Appendix for the proper procedures.
